RE: MTC TIP Revision No. 2013-01 – Administrative Modification

Dear Mr. Aljabiry:

Please be advised that MTC recently made several changes to the 2013 Federal Transportation Improvement Program (TIP). TIP Revision No. 2013-01 revises 1 project with no net increase in funding. This revision:

- Updates the funding plan of San Jose's Autumn St. Extension project to reprogram earmarked funds from FY2010 and FY2011 to FY2013.

The administrative modification is financially constrained by year and MTC relies on the State's programming capacity in the amount of \$974,000 in earmarked STP funds. MTC will update the financial plan to reflect the additional revenues with the next amendment.

The TIP revision entries have been emailed to your staff. MTC's 2013 TIP, as revised with Revision No. 2013-01, remains in conformity with the applicable State Implementation Plan (SIP) for air quality and the revision does not interfere with the timely implementation of the Transportation Control Measures contained in SIP.

The project that is included in this administrative modification is not included in any other amendment that is open for public review. MTC's 2013 TIP, including the proposed Revision No. 2013-01, is consistent with metropolitan transportation planning regulations per 23 Code of Federal Regulations Part 450 and conforms to MTC's Regional Transportation Plan (Plan Bay Area).

Under the delegated authority received from Caltrans, I approve this administrative modification to the Federal Statewide Transportation Program (FSTIP). This revision is consistent with the approved Administrative Modifications/ Amendments Guidelines and Procedures.
